

Extracts and summary texts from the "PROPHETISCHE SEITE" first issued in German in February 2015

## What is God saying for 2015?

### A wake-up call to take more authority

It is our highest calling to be with Jesus and to worship the Father, standing before him, wanting to know him more, and seeing him through our spiritual eyes. We have been given God's mercy so that we can come before the Lord not only with our own personal requests but also on behalf of our land with those concerns which have been entrusted to us.

*"Therefore since through God's mercy we have this ministry, we do not lose heart." (2 Corinthians 4:1)*

How can it be then that we could lose heart? Maybe we have prayed too much in our own strength.

*"Consider him [Jesus] who endured such opposition from sinful men, so that you will not grow weary and lose heart." (Hebrews 12:3)*

Perhaps we have taken our eyes off Jesus, "the pioneer and perfecter of faith". *"In your struggle against sin, you have not yet resisted to the point of shedding your blood."* (v.2,4)

Let us be challenged by these words from the letter to the Hebrews to stand firm in our intercession for our land when we face opposition.

### God gives us renewed authority when we call out to him

*"I saw a picture of a trumpet left standing on the floor. And God was saying to me: 'The sound of the trumpet which has been muffled until now is going to come forth and will be heard!'"* -WP-

Interpretation: The trumpet represents the wake-up call that will cause many to rise up. It is a wake-up call and yet at the same time it tells us that spiritual awakening is within our reach and we need to call out with authority. This is not a momentary awakening, but the start of a movement that will spread throughout the land.

When God gives renewed authority, it will only be effective if we are in our right place within the body of Christ. Let us therefore take up our positions and be strong and courageous. God will prepare us for this.

*"... and [God] calls things that are not as though they were." (Romans 4:17b)* This includes strength for the task and a new authority: call and it comes!

In this way our prayers will be heard on many battle fronts and at the same time we will hear a victory cry from many places. All over our land the prayer army will be inspired and encouraged to move forward.

### Prayer:

*"Blessed are you, precious intercessors, you who stand under the one who has all authority, the risen Christ. Stand up and pray in the Spirit with full knowledge that this God will hear you! Christ is with you."* -ME-

*"Lord, bring forth those who are called, send the fighters to the front. They feel that they are alone in the trenches. Lord, thrust them out of the trenches. It is time to march forward in victory! Come Holy Spirit, get them out of age-old trench positions."*

*"In the past, one of the "weapons" of the monks was to put their trust even more in the Lord when going through any challenge or conflict! We need to rediscover this as a weapon."* -MF-

### Six events to wake us up

Many prophetic voices say that the world will not be the same from 2015 on. Great changes are coming – not only financial crises and others, but also new challenges and opportunities.

*"I saw a large book, opened at the start of a new chapter. This is taking place in many nations all at the same time, not only in Germany. And I heard the word "suddenly". It will happen without warning."* -WP-

*"I sensed this same word also as I was making plans for 2015. The Lord said to me: 'Plan, but be aware that things could SUDDENLY be completely different – be it in the political scene or the economy, or in the spiritual realm. So make your plans, but do not be surprised when you have to change everything and seek my guidance once again. This does not only apply to 2015, but generally for the coming years. I am Lord of history and I will be with you throughout each year. If you stay by me you will always be prepared and equipped for whatever happens. You must also get the people ready for whatever may come "suddenly"! Prepare yourselves inwardly so that you can be a refuge - a "Noah's ark" - in times of crisis for those who are not prepared and need support. People will be needed who can lead others to the "Rock" (Jesus) – because all things will be shaken."* -MF-

*"2015 will be a year of storms and prayer will be a crucial factor during these storms. There will be six key events which will change our current thoughts and attitudes and will cause the wake-up call to continue on throughout Germany and Europe. These storms will make us very aware of our needy situation, hidden from us until now, and expose it for us to clearly see. These events will create opportunities for apostles and prophets to proclaim their message with increased authority. And they will be heard once again."* -ME-

Further clarification: Such events already occurred in January! Because of the shocking terrorist attacks in Paris and the sudden floating of the Swiss Franc, people in Germany and Europe were challenged to think again about issues that had been previously suppressed by political leaders and the main-stream media.

The statement of the European Central Bank that it was printing 1.4 billion Euros to stimulate the European economy and the demands of the new government in Greece are definitely a shock to the current financial system. These are wake-up calls which not only concern us as Christians but also the entire population.

As a prophetic team we have listened carefully and asked the Lord: "Lord, will you speak more specifically about events and give us some indication of what we can expect the consequences to be? We recognised that major changes could occur in the following areas:

- There will be opposition to "fundamentalism". We will be accused of creating civil unrest by speaking about our faith. If Christians rise up and say that Islam does not belong to Germany, this will lead to a conflict situation. The issue of homosexuality is already a point of contention.
- God wants us to speak the truth in love and not keep silent because of fear of rejection or persecution. We must make use of spiritual weapons and not act stubbornly or in anger.
- Expect further turbulence in the financial markets. The financial bubble is once again inflating itself and the arguments about retaining the Euro will increase. At the end of March there will be discussions at the political level about whether France and Italy should be penalised by the European Commission for not keeping to the Maastricht criteria for national debt. The credibility of President Jean-Claude Juncker is at stake.
- There will be a positive side to some of the events in the first half of 2015. With the end of the 70 year period after the war, a new consciousness will be poured into us that we really are the body and the bride of Jesus! It will come whether we are ready to receive it or not! (*"I saw a jumbo jet coming into land: this could mean that heaven will be breaking through to fulfil the promises of God."* -WP-)

Basically, these named events, and others to come, will have the effect of shaking the foundations and unity of Europe, and are to be seen as an answer from God for that deliberate refusal to include a reference to God in the preamble of the European Union Constitution. If God does not show mercy in his judgements on Europe, the European Union could fall apart. The consequences would be felt around the world like a Tsunami wave.

The priestly intercessors are therefore called to pray for God's grace and mercy in his judgements, just as Moses pleaded with God for his people. (Exodus 32:11ff)

### Prayer strategies for the coming months

- Be open for revival in yourself personally, and pray for the whole body of Christ, for a unity of heart and spirit to flow out over projects and events that are undertaken collectively.
- Thank the Lord for every wake-up call and pray for spiritual vigilance in all we experience.
- Pray for protection over our land. We sense that Germany could be extremely vulnerable to an attack during a mass disturbance, perhaps in a football stadium. We have the impression that we in Germany have been spared from attacks until now because of much prayer. We are very thankful for this, but we must not grow weary and pray continuously for protection against malicious attacks. Let us ask daily for angels to protect us.
- Extend your tent of faith! Declare the promises of God boldly! Expect breakthroughs and new openness to the gospel in many people.
- Cast off all fear and shame to stand for the truth, wherever the Lord requires it of you. Be clear and full of love in all you say and do.
- Let us pray that politicians will make clear statements about Islam in the current public debates without fear.

### Prophetic vision from a Call of the Watchmen intercessor in January 2015 (edited and commented by Markus Egli)

#### Come, I want to show you something...

*"During my prayer time I saw Jesus in a vision. He took me by the hand and said: 'Come, I want to show you something.' We were then flying like two eagles through the night. I saw below me flashes of light, at first just a few, but then they increased. It was like heavy artillery fire. The whole earth was being encircled by this fire and I heard the word "jihad". Jesus said to me: 'This is the plan of the enemy and you have seen just the beginnings, the early signs.' Then I saw the earth turning and Europe and Germany were directly below me.*

*"The enemy has already tried once before to cover the earth in a dark cloud with this "weapon". It saddens my heart, because they (the Muslims) are also precious in my sight. But the enemy has blinded them and sown his seed of hate in their hearts. Now these seeds have grown to maturity.'*

*"Then I heard in my spirit the marching steps of an army and in the next moment this army appeared before my eyes. It marched in strict file formation, was resolute and you could sense that it was no longer in its infancy. Individuals faded into the mass and it looked like an army of shadows.*

*"Jesus said to me: 'Times have changed my child. It is like a wheat field in which weeds are also growing. Both must*

*reach full maturity so that at the end the wheat can be separated from the chaff. This evil army has grown to maturity. This is a serious situation. Therefore it is very important that MY army also reaches maturity, otherwise it will be overtaken. Only when you die to self – following MY way and living in ME, taking the way of my cross and my victory over sin and darkness – will you have life and fully overcome. In ME, in MY love, in MY power – only through MY Spirit - not through your own works or efforts.'*

*"There was great urgency in his words, but without pressure or accusation or condemnation. It was just the plain truth."*

Comment: This part of the vision is pointing to the spirit power behind Islam and especially behind the Islamic State (IS). The brutality of the slaughter by the Islamists is a wake-up call. We have heard from the prayer houses in the Middle East how Christian martyrs have not denied their faith to the very end.

*"Jesus said: 'The enemy has positioned his soldiers and watchmen very well. It is important that my children also take up good positions. Everyone in his place: as watchmen on the walls and in my courts over cities, regions and lands. Everyone in the place where I have put them. I need my children to be in their positions.' This was especially important to him; he said it very earnestly and emphatically.*

*"Then all of a sudden the Lion of Judah was standing by me and he was about to roar. 'I will once again roar over Europe.' I sensed that he was saying it to me, with great determination: 'I WILL roar'. 'Because of this I have launched so many prayer initiatives and given so much weight to worship, prayer, intercession and spiritual warfare. Ready for this day, ready for this roar.'"*

Comment: The maturing of God's people is really absolutely necessary so that the Lion can roar. As the prophet said: "The lion has roared – who will not fear? The Sovereign Lord has spoken – who can but prophecy?" (Amos 3:8). When the Lion roars the words and the truths of God will go forth and their power will be released. The Lord will position his people – they must be ready.

*"Then I saw what Jesus wanted to do. A wave of shining light flooded over Europe and all the artillery fire of the enemy army was engulfed by it. The fire just ceased to exist. I believe that is what will happen when the Lord roars over Europe. This will be the result.*

*"'Lord, what must happen so that you can roar like this?' I asked. 'Seek unity, humble yourselves, seek my face, pray. But more than anything else: turn back to your first love. Turn back to MY love that is within you. It is not your love that should be burning on the altar of your hearts, but MY love. Trust in ME. I have already prepared all good works for you in advance – you do not have to struggle to create them yourselves. I will bring forth good fruit in you. Know*

*that you can do nothing without me. Be poor in spirit. Turn back to your first love – to ME!"*

Comment: It is important that we are not so concerned about the army of the enemy but rather that we keep the plans of God before our eyes and learn to think and act in the Spirit. Under no circumstances should we get involved in arguments about the exact nature of the enemy. Our weapons are much more of a spiritual nature – they are fully in line with the nature and the power of the Holy Spirit, in love and truth.

*"'What then, Lord?' He smiled. 'Then I will once again come to visit you. I long for the time when I can come to Europe once again and stay. But you have become proud, Europe. You have denied me and abandoned me and wanted to have no more to do with me. But I will enlighten your heart once more with my love and you will turn back to me. How I long for this day!'" -CS-*

Let me close with this word that I received from the Lord concerning the Moravian "watchword" for the year 2015.

*"The Lord will call us to account at the end of this year for our response to the Moravian watchword: 'Accept one another, then, just as Christ accepted you in order to bring praise to God.' (Romans 15:7)"*

I wish your much joy in living according to this watchword in full measure throughout 2015!

*God's blessings from Markus Egli (Editor)  
and the prophetic team*
